Mrs. W. H. Kirkland, wife of the prominent Houston commission man, and her sister, Miss Root, daughter of President Root of the First National Bank of Houston, with Mrs. Kirkland's two bright and pretty little children and nurse, are sojourning in the city on their return home from Cloudercroft. They have apartments at the Hotel Alamogordo.

Fillbury's best hour at People's Bros.

trade of Las Vegas from the southeast, that the people of that city are studying ways and means for the construction of a branch road from Las Vegas to Puerto de Luna to tap the Rock Island at its junction with the White Oaks route.

During the past two weeks mule teams of the New Mexico Lead company have been kept busy hauling machinery and lumber from Las Cruces to their mines in the San Andreas mountains. The boilers for the new concentrators are now on the ground and also considerable other machinery. The officers of the company visited the camp last week, and report the work is progressing most favorably.

WHITE OAKS STRIKE.

Scranton People Own the Adjoining Claims and Are in Luck.

Chris Jaeger, of White Oaks, was in Alamogordo during the past week, and while here he showed some free gold specimens from the Gray & Horneman lease, that leaves no doubt as to the importance of the strike made there last week. The property is owned by Talaro brothers, of White Oaks and is situated between the South Homestead and Scranton mines, owned by Scranton investors. The rich strike was made in a forty foot tunnel and the ore is free milling. Fabulous values are being obtained, one pan of ore which Mr. Jaeger washed showing \$2 worth of gold. He is of the opinion that the ore runs better than \$20,000 to the ton. The width of the vein or ore chute are unknown at present. It is the intention of the operators to abandon the tunnel and sink a shaft on the ore chute. The walls of the vein presumed to be porphyry and granite.

In the lower tunnel of the same property a six foot body of sulphide ore running \$30 per ton (averaged from ten assays) has been opened.

The Scranton and South Homestead mines are by reason of this strike veritable bonanzas now, and worth an immense sum of money. Both properties are being worked steadily and the product is being treated at the Old Abe mill. Superintendent Robinson states that the company will put in its own mill as soon as possible.

Mr. Jaeger has located two claims in the vicinity of the strike which have well defined veins, four feet in width. He has attained only five feet depth, but will push work on the claims and hopes to strike a bonanza himself.

THE BONITO COMPANY.

A Good Concern With Good Men at the Head of It.

The Bonito Gold Mining & Milling company is out with a neat little prospectus which sets forth the advantages of the properties owned by the company, and states that treasury stock has been placed on the market for sale. The manager of the company, N. S. Thatcher, believes that the Bonito country is a second Cripple Creek and that the company owns some first class properties which will develop into bonanzas. Mr. Thatcher is a thorough mining man, and he will make a success of the properties if anybody can. The officers of the company are: O. M. Potter, president; N. J. Thatcher, vice-president and general manager; G. C. Seipio, treasurer; Robert White, secretary and John A. Eddy, director. No stronger company could be organized. The gentlemen mean business and intend to mine, not sell stock for speculative purposes.

Dr. Simmons' Sarsaparilla

Rosy cheeks, bright eyes and a quick step can be secured by using Dr. Simmons' Sarsaparilla. The peculiar feature of this remedy is that it strengthens and builds up the system while it eradicates disease. One \$1, and 150 doses for an adult.

Hunt's Lightning Oil

The household remedy is Hunt's Lightning Oil. All aches and pains quickly relieved. Satisfaction or money refunded.

For sale by F. C. ROLLAND & CO., Alamogordo, N. M.

Two Hustlers.

Harry Alexander, assistant general freight and passenger agent of the E. P. & N. E., left this morning for Dallas to assist Mr. Greig, who went yesterday, in establishing Cloudercroft headquarters at the state fair and Dallas exposition which will open in that city Sunday. After the headquarters are established Mr. Greig will return and leave Mr. Alexander in charge. While attending to the spreading of the reputation of our "roof garden," Mr. Alexander will also advertise the El Paso mid-winter carnival by distributing buttons and printed matter among the visitors to the fair. These gentlemen are full of vim and bustle and are the wheel horses in the carnival movement to bring the idea to life when almost the last hope for it had fled.—El Paso Herald.

Berkey's Telephone Line.

Telephone communication is about to be established between El Paso, Deming and Silver City. B. L. Berkey, manager of the El Paso Mine, Mill and Smelter Supply house, is the promoter of the enterprise, and at the last meeting of the city council of El Paso, applied for permission to run his wires into the city from the smelter to the Mills building on the Little Plaza, where the exchange will be established.

TO THE DEAF.

A rich lady cured of her Deafness and Noises in the head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his Institute, so that deaf people unable to procure the Ear Drum may have them from. Address No. 8480-c, The Nicholson Institute, 780 Eighth Ave., New York

GIVEN THIRD PLACE.

The New Mexico Mineral Exhibit Scored a Great Triumph at Paris.

New Mexico has scored again against the world. The territory sent a magnificent exhibit of its mineral resources to the Paris exposition and now the word comes that it was awarded third place among the mineral exhibits of the world. It was also awarded the first place for copper, the finest specimen coming from the Dundee mine in Grant county.

The exhibit was in charge of Professor J. C. Carrera, of Las Cruces, who accompanied the exhibit to Paris.

Prof. Carrera was appointed by Governor Otero to arrange the exhibit and gave much time and attention to the matter. He visited every part of the territory from the border of Colorado to the Texas line and from Texas on the east to Arizona on the west. Specimens were obtained from every district and mine of worth.

Prof. Carrera says that the result will be the attraction of millions of foreign capital to New Mexico, the resources of which are thus placed prominently before many to whom its very name had hitherto been unknown. Already a number of French and German experts representing large combinations of capital are engaged in making further inquiries as to New Mexico and its resources with a view to investment. Prof. Carrera will return to Europe to meet and consult with them sometime during October.

Chamberlain's Cough Remedy a Great Favorite.

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and as it contains no opium or other harmful drug, it may be given as confidently to a baby as to an adult. For sale by W. E. Warren & Co.

Money in Stock.

Concerning stock raising on a small scale, the Tularosa Democrat says: "A six months old calf bought by a firm in El Paso and dressed for their market, Friday, netted a mountain man \$25.00. Ordinarily the butter made from the cow during the summer together with the calf at six months of age, would not bring that amount, to say nothing of the labor expended by the housewife making the butter. Of course such profits on stockraising are possible only where there is good out range. There are hundreds of such ranges in Otero county that are not utilized."

He Will Do It Right.

General Superintendent A. S. Greig, of the E. P. & N. E., is in Dallas this week seeing that Cloudercroft is appropriately represented at the fair. It is safe to say that Mr. Greig's ingenuity will cause the people of northern Texas to wonder whether they came there to see what their country could produce or what New Mexico holds as an attraction for them.

A Taos Carnival.

The denizens of the ancient town of Taos, in connection with the annual fiesta of San Geronimo of the Pueblo Indians which takes place on Sept. 30, have arranged for a Carnival Oct. 1-2 with an attractive program. Hundreds of people each year attend this fiesta, which will be made more desirable by the added Carnival feature. The beautiful Taos valley with its unique surrounding, is always an attractive place for the tourist and none should miss it at this time.

A Commercial Club.

The business men of Silver City are making considerable progress towards organizing a commercial club, and there is little doubt but that the city will soon have a strong organization to work for its advancement.

When you want a pleasant physic try the new remedy, Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at W. E. Warren & Co.'s drug store.
